

SETURI DE SCULE

Pentru amatori si profesionisti

Seturile continand modele variate de chei, clesti, surubelnite, pile, ciocane, punctatoare, dalti si alte scule sunt o alegere excelenta pentru utilizatorii avansati si alegerea corecta pentru cei incepatori.

Compozitie inteligenta

Compozitia diferitelor ansamble este decisa pe baza unei colaborari permanente cu utilizatorii profesionali ai sculelor Unior in teren. Ansamblurile gata de folosire tin cont de nevoile fiecarui domeniu de activitate, reprezentand in acest fel o sectiune de scule de inalta calitate plecand de la alegeri gandite si preturi atractive.

Module din spuma SOS - Avantaje

Modulele SOS sunt facute din spuma de polietilena dublu strat care este rezistent la grasimi, benzina, ulei, solventi nitro, adezivi si ulei de motor - toate putand fi curatate fara a lasa urme vizibile (pete). Pentru a evita petele permanente, murdaririle cu adezivi sau uleiul de motor, acestea trebuiesc curatate imediat cu benzina.

Sistem

Material: spuma de polietilena de joasa densitate

Aceste module din spuma de polietilena permit o mai buna organizare si vizibilitate a aranjarii sculelor in cutii de scule, in sertarele carucioarelor si in dulapurile cu scule. Este vorba de sistemul SOS. Modulele sunt utilizabile intr-o larga gama de temperaturi, nu se umezesc si, in conditii normale de utilizare, au o lunga durata de viata. Permit protejarea sculelor mentinandu-le la locul destinat, impiedicandu-le sa se miste de maniera necontrolata in interiorul spatiului de aranjare. Dat fiind ca locul fiecărei scule in modul este definit precis, se vad imediat care sunt sculele care lipsesc.

Sistem SOS

- S** - Safety (Siguranta)
- O** - Order (Aranjare)
- S** - Survey (Verificare)

Selectie simpla

Seturile adaptate domeniilor specifice de lucru simplifica alegerea si cumpararea instrumentelor specifice de care aveti nevoie si pe care le folositi in munca. Electricieni, mecanici auto, vopsitori de vehicule, tehnicieni de calculatoare si multi alti profesionisti au incredere in experienta Unior.
